Sub: Launch of Community Radio station DUCR FM 90.4MHz at new site

The Community Radio of the University of Delhi DUCR FM 90.4MHz has been shifted from SOL campus to new location in UIC complex in stadium. The 50 Watt FM transmitter with antenna has been installed on the roof top of CIC building. A small Airconditioned cabin has been constructed to accommodate the transmitter.

The studio set up of Community Radio consisting of Multipurpose Studio, Announcer booth and Editing Room have been constructed. All the studio equipment like Announcer console, Editing console, Phone in unit, Microphone and other equipment have been installed. The Community Radio was inaugurated by the Vice Chancellor Prof. Dinesh Singh. After the inauguration Vice Chancellor had a lively interaction with students from different colleges. This programme was broadcast live. This Community Radio station will be “**Students Centric Radio Station**” as per the vision of the University.
